

Simon Morand-Beaulieu, Ph.D., Psy.D.

morand-beaulieu.simon@courrier.uqam.ca

www.simonmorandbeaulieu.com

Academic background

- 2026 Internship, school neuropsychology**
Centre de services scolaire Marie-Victorin, Centre d'évaluation, de formation et d'intervention (CÉFI), Longueuil, QC
Supervisor: Silvana Edith Marti
- 2025 – 2026 Internship, clinical neuropsychology**
Centre hospitalier universitaire Sainte-Justine, Centre intégré du réseau en neurodéveloppement de l'enfant (CIRENE), Clinique TSA 13-17, Montréal, QC
Supervisor: Élisabeth Perreau-Linck
- 2022 – 2026 Psy.D., Psychology**
Département de Psychologie, Université du Québec à Montréal, Montréal, QC
Advisor: Julie Leclerc
- 2022 – 2024 Postdoctoral Fellowship**
Department of Psychology, McGill University, Montréal, Qc
Advisor: Anna Weinberg
- 2020 – 2021 Postdoctoral Fellowship**
Child Study Center, Yale University School of Medicine, New Haven, CT
Advisor: Denis Sukhodolsky
- 2014 – 2019 Ph.D., Neuroscience**
Département de Neuroscience, Université de Montréal, Montréal, Qc
Advisor: Marc Lavoie
- 2012 – 2014 M.Sc., Biomedical Science, Psychiatry option**
Département de Psychiatrie, Université de Montréal, Montréal, Qc
Advisor: Marc Lavoie
- 2009 – 2012 B.Sc., Psychology**
Département de Psychologie, Université de Montréal, Montréal, Qc

Professional experience

- 2018 – 2019 Lab Coordinator**
STEAM Lab, *Centre de recherche de l'Institut universitaire en santé mentale de Montréal (CRIUSMM) & Université du Québec à Montréal*, Montréal, Qc
- 2012 – 2019 Research Assistant**
Social and cognitive psychophysiology lab, CRIUSMM, Montréal, Qc
- 2015 – 2017 Teaching assistant**
Département de Psychologie, Université de Montréal, Montréal, Qc

Awards and Scholarship

- 2026** Travel award, Centre d'études et d'interventions en santé mentale (CAD \$1,000)

2026	Travel award, Faculté des sciences humaines, UQAM (CAD \$750)
2025	Poster presentation award, Fonds Petits Trésors - CIUSSS-NIM (CAD \$500)
2025	PsyD scholarship – AGEPSY-CS (CAD \$1,500)
2025	Mary Robertson travel grant – European Society for the Study of Tourette Syndrome (EUR €560)
2025	Travel award – GE-TICTACTOC (CAD \$350)
2025	Travel award – Faculté des sciences humaines, UQAM (CAD \$750)
2025	Travel award - CIUSSS-NIM (CAD \$750)
2024	Poster presentation award, Fondation Petits Trésors - CIUSSS-NIM (CAD \$500)
2024	Christiane-Manzini scholarship, CIUSSS-NIM (CAD \$1,000)
2023 – 2024	Les Petits Trésors scholarship, CIUSSS-NIM (CAD \$7,500)
2022	Professor Mary Robertson Award for Research Contribution, European Society for the Study of Tourette Syndrome (GBP £250)
2022 – 2024	Clinical Research Training Scholarship in Tourette syndrome, Tourette Association of America, American Brain Foundation, American Academy of Neurology (USD \$150,000)
2019 – 2022	Postdoctoral Fellowship, CIHR (CAD \$150,000)
2019	Travel award, FAECUM (CAD \$312)
2018	Travel award, FAECUM (CAD \$500)
2018 – 2019	Doctoral studies rédaction scholarship, FESP UdeM (CAD \$11,000)
2018	Award for the 2 nd best oral presentation, CRIUSMM (CAD \$1,000)
2018	Best presentation award, CHU Ste-Justine (CAD \$100)
2018	Robert-Élie scholarship for excellence in PhD studies, CRIUSMM (CAD \$5,000)
2017	<i>Étudiant-chercheur étoile</i> award, FRQS (CAD \$1,000)
2017	Travel award, Brain Sciences 2018 Travel Awards (CHF 800)
2017	<i>Étudiant-chercheur étoile</i> award, CRIUSMM (CAD \$3,000)
2016 – 2017	Doctoral scholarship, CRIUSMM (CAD \$3,000)
2015 – 2016	Doctoral scholarship, CRIUSMM (CAD \$3,000)
2015	Travel award, Tourette Association of America
2015 – 2018	Doctoral scholarship, FRQS (CAD \$60,000)

- 2014 Best poster award, CRIUSMM (\$1,000)
- 2013 – 2014 Master's studies redaction scholarship, FESP UdeM (CAD \$4,800)
- 2012 – 2013 Biomedical Sciences program scholarship, UdeM (CAD \$3,500)

Research Funding

Peut-on optimiser le traitement cognitif-psychophysiologique des tics par le biofeedback chez des adolescents et adultes émergents ayant le syndrome de Tourette? - Un essai clinique randomisé

Role: Collaborator

PIs : Julie B. Leclerc & Marc E. Lavoie

Funding Organism: Canadian Institutes of Health Research

Contest: Project Grant

Total Funding Amount: CAD 581 398\$

Dates: 2024-2030

Long-lasting effects of oral contraceptive use during adolescence: An investigation of neural, endocrine, and cognitive systems

Role: Collaborator

PI: Marie-France Marin

Funding Organism: Canadian Institutes of Health Research

Contest: Project Grant

Total Funding Amount: CAD 493 425\$

Dates : 2020-2025

Academic experience

External reviewer

Conference abstracts, Society for Research on Child Development (2024)

Doctoral scholarships, Canadian Institutes of Health Research (2022, 2023)

Prix Guy-Bégin, Société québécoise pour la recherche en psychologie (2023)

Editorial roles

2022 – Guest editor, Frontiers in Psychiatry

Ad hoc reviewer (journals)

Biological Psychiatry: Cognitive Neuroscience and Neuroimaging, Biological Psychology, BMC Psychiatry, Brain Communications, Brain Sciences, British Journal of Psychiatry, Child Psychiatry & Human Development, Children, Cognitive, Affective, and Behavioral Neuroscience, Cognitive and Behavioral Neurology, Cognitive Neuropsychiatry, Contemporary Clinical Trials, Cortex, Developmental Cognitive Neuroscience, eNeuro, European Child and Adolescent Psychiatry, European Journal of Neuroscience, Frontiers in Behavioral Neuroscience, Frontiers in Human Neuroscience, Frontiers in Neurology, Frontiers in Neuroscience, Frontiers in Psychiatry, Imaging Neuroscience, International Journal of Cognitive Therapy, iScience, Journal of Central Nervous System Disease, Journal of Clinical Medicine, Journal of Cognitive Psychology, Journal of Neuropsychology, Journal of Pediatric Neurology, Molecular Psychiatry, Movement Disorders,

Neuropsychiatric Disease and Treatment, Neuropsychologia, Neuroscience and Biobehavioral Reviews, Parkinsonism and Related Disorders, Progress in Neuro-Psychopharmacology & Biological Psychiatry, Psychological Medicine, Psychophysiology, Scientific Reports

Guest lecturer

- 2023 1.5h class : Le syndrome de Gilles de la Tourette (PST6100 – Thèmes de recherche en psychiatrie), Département de psychiatrie, Université de Montréal
- 2023 1.5h class : Tourette syndrome: Symptoms, causes, & treatment (PSYC412 – Developmental Psychopathology), Department of Psychology, McGill University
- 2022 1.5h class: Le syndrome de Gilles de la Tourette (PSY9110 – Neuropsychologie du développement), Département de psychologie, Université du Québec à Montréal
- 2015 – 2017 3h class: Hormones, sex, and gender (PSY3036L – Hormones, stress, and behavior), Department of Psychology, Université de Montréal

Student mentorship

- 2023 – 2024 Chaimaa El Mouslih
Psychology Research Project, McGill University
- 2023 – 2024 Marc-Antoine Brosseau
Honours Research Project, McGill University
- 2023 – 2024 Niru Niruthan
Honours Research Project, McGill University
- 2022 – 2023 Mila Goulon
Honours research project, McGill University
- 2022 – 2023 Anna Walls
Psychology Research Project, McGill University
- 2021 – 2022 Elinor Baldwin
M.Res. in Developmental Neuroscience and Psychopathology
University College London & Yale University
- 2018 Agape Fifaliana Randrianandraina
Neuroscience internship, Université de Montréal
- 2017 – 2018 Siaka Dolé
Neuroscience internship, Université de Montréal
- 2016 Sabrina Tran-Jolicoeur
Summer science internship, Collège Brébeuf
- 2015 Maxime Richard

Neuroscience internship, Université de Montréal

2013 – 2014 Bastien Rioux
Initiation to research internship, UdeM

2013 Inês Fernandes
International research internship (IFMSA), Universidade de Lisboa

Consulting and professional services

2023 – **Instructor (live webinars & in-person seminars)**
Centre de formation CENOP
Formation : *Le portrait clinique complexe du syndrome de Gilles de la Tourette* (3h)
Formation : *Le syndrome de Gilles de la Tourette et la colère : un cocktail explosif* (3h)
On-demand seminars (3h à 6h)
Clients : community organizations, schools, school boards

2023 – **Medical review**
Transperfect Linguistic Validation

Community service/knowledge transfer

2026 **Podcast J'ai un tic quequ'chose**
Participation in one episode of the podcast *J'ai un tic quequ'chose* to discuss explosive outbursts in Tourette syndrome

2025 **Video on psychological health and career counseling**
Participation in a video on Tourette syndrome, broadcasted online and to masters' students in career counseling at UQAM

2024 **Webinar for the European Society for the Study of Tourette Syndrome**
1-hour webinar on cognition in Tourette syndrome

2024 **Podcast Nuance**
Participation in two episodes of the podcast *Nuance* to discuss Tourette syndrome

Implication dans la vie universitaire

2015 – 2018 **Financial director**
Association des étudiants et étudiantes en recherche en santé mentale

2013 – 2015 **Secretary**
Association des étudiants et étudiantes en recherche en santé mentale

Publications

* Denotes co-first authorship

Articles in preparation, submitted for publication, or under review

1. Hartmann, A., Atkinson-Clement, C., Mol Debes, N., Paschou, P., Szejko, N., Delorme, C., Andr  n, P., Czernecki, V., **Morand-Beaulieu, S.**, Topaloudi, A., M  ller-Vahl, K., Black, K. J. (under review). Tourette syndrome research highlights from 2025.

 14. **Morand-Beaulieu, S.**, Crowley, M. J., Sukhodolsky, D. G. (06/2022). Functional connectivity during tic suppression predicts reductions in vocal tics following behavior therapy in children with Tourette syndrome. Talk presented at the 14th European Conference on Tourette syndrome and tic disorders, Lausanne, Switzerland.
 15. **Morand-Beaulieu, S.**, Wu, J., Mayes, L. C., Grantz, H., Leckman, J. F., Crowley, M. J., Sukhodolsky, D. G. (06/2022). Increased alpha-band connectivity during tic suppression in children with Tourette syndrome revealed by source EEG analyses. Talk presented at the 14th European Conference on Tourette syndrome and tic disorders, Lausanne, Switzerland.
 16. **Morand-Beaulieu, S.**, Leckman, J.F., Crowley, M. J., Sukhodolsky, D. G. (10/2021). Brain mechanisms of cognitive control in youth with Tourette syndrome and attention deficit hyperactivity disorder: an EEG study. Talk presented at the 13th European Conference on Tourette syndrome and tic disorders, Online conference.
 17. Bilodeau-Houle, A., Bouchard, V., **Morand-Beaulieu, S.**, Brouillard, A., Arcand, M., Marin, M.-F. (06/2019). L'influence du lien d'attachement sur l'apprentissage de la peur par observation : Et le père dans tout ça? Talk presented at the Annual Research Day of the CRIUSMM, Montréal, Québec, Canada.
 18. **Morand-Beaulieu, S.**, Bilodeau-Houle, A., Brouillard, A., Marin, M.-F. (06/2019). Étudier la synchronie physiologique entre un parent et son enfant pour mieux comprendre l'apprentissage de la peur. Talk presented at the Annual Research Day of the CRIUSMM, Montréal, Québec, Canada.
 19. **Morand-Beaulieu, S.**, O'Connor, K. P., Blanchet, P. J. & Lavoie, M. E. (05/2019). Évaluation des processus moteurs au sein du trouble obsessionnel-compulsif. Talk presented at the 87th Annual Congress of the *Association francophone pour le savoir* (ACFAS), Gatineau, Québec, Canada.
 20. Arcand, M., Bilodeau-Houle, A., Peyrot, C., Zerroug, Y., Brouillard, A., Bouchard, V., **Morand-Beaulieu, S.**, Juster, R.-P., Marin, M.F. (05/2019). Le rôle des caractéristiques féminines dans la compréhension des symptômes anxieux. Talk presented at the 87th Annual Congress of the *Association francophone pour le savoir* (ACFAS), Gatineau, Québec, Canada.
 21. Perrault, M.-A., **Morand-Beaulieu, S.**, O'Connor, K. P., Blanchet, P. J. & Lavoie, M. E. (03/2019). Impact significatif de la thérapie cognitive et psychophysiologique sur les schémas d'activité musculaire chez des adultes présentant un trouble des tics persistants. Talk presented at the 40th Annual Congress of the *Société Québécoise de Recherche pour la Psychologie*, Mont-Tremblant, Québec, Canada.
 22. **Morand-Beaulieu, S.**, O'Connor, K. P., Blanchet, P. J. & Lavoie, M. E. (10/2018). Électrophysiologie des processus moteurs chez les patients atteints de comportements répétitifs centrés sur le corps. Talk presented at the Annual Research Day of the Department of Psychiatry of the Université de Montréal, Montréal, Québec, Canada.
 23. **Morand-Beaulieu, S.**, O'Connor, K. P., Blanchet, P. J. & Lavoie, M. E. (06/2018). Utiliser l'électrophysiologie cognitive pour prédire le succès thérapeutique chez les patients atteints du syndrome de Gilles de la Tourette. Talk presented at the Annual Research Day of the CRIUSMM, Montréal, Québec, Canada.
 24. **Morand-Beaulieu, S.**, Perrault, M.-A., O'Connor, K. P., Blanchet, P. J. & Lavoie, M. E. (05/2018). Thérapie cognitivo-comportementale chez les patients atteints du syndrome

de Gilles de la Tourette : impacts psychophysiologiques et prédicteurs du succès thérapeutique. Talk presented at the 86th Annual Congress of the *Association francophone pour le savoir* (ACFAS), Chicoutimi, Québec, Canada.

25. **Morand-Beaulieu, S.**, Perrault, M.-A., Dolé, S., O'Connor, K. P., Blanchet, P. J. & Lavoie, M. E. (02/2018). Utiliser l'électrophysiologie pour prédire le succès de la thérapie cognitivo-comportementale chez les patients atteints du syndrome de Gilles de la Tourette : une étude exploratoire. Talk presented at the Tourette symposium at the CHU Ste-Justine, Montréal, Québec, Canada.
26. **Morand-Beaulieu, S.**, Grot, S., Lavoie, J., Leclerc, J. B., Luck, D. & Lavoie, M. E. (05/2017). Méta-analyse de l'impulsivité et de l'inhibition au sein du syndrome de Gilles de la Tourette : la comorbidité est la clé du problème. Talk presented at the 85th Annual Congress of the *Association francophone pour le savoir* (ACFAS), Montreal, Quebec, Canada.
27. **Morand-Beaulieu, S.**, Grot, S., Lavoie, J., Leclerc, J. B., Luck, D. & Lavoie, M. E. (04/2017). Méta-analyse de l'impulsivité et de l'inhibition au sein du syndrome de Gilles de la Tourette : la comorbidité est la clé du problème. Talk presented at the CRIUSMM inter-lab meeting, Montreal, Quebec, Canada.
28. **Morand-Beaulieu, S.**, O'Connor, K. P., Richard, M., Leclerc, J. B., Sauvé, G., Blanchet, P. J. & Lavoie, M. E. (05/2016). La thérapie cognitivo-comportementale pour traiter le syndrome de Gilles de la Tourette et les comportements répétitifs centrés sur le corps modifie le fonctionnement du cerveau. Talk presented at the 84th Annual Congress of the *Association francophone pour le savoir* (ACFAS), Montreal, Quebec, Canada.
29. **Morand-Beaulieu, S.**, Sauvé, G., O'Connor, K. P., Blanchet, P. J. & Lavoie, M. E. (09/2015). Modifications in brain functioning after cognitive-psychophysiological therapy in Tourette syndrome patients. Talk presented at the Annual Research Day of University of Montreal's Department of Psychiatry, Montreal, Quebec, Canada.
30. Lavoie, M. E., **Morand-Beaulieu, S.**, Sauvé, G. & O'Connor, K. P. (06/2015). Cognitive-behavioral therapy induces cerebral changes that significantly improved motor performances and brain electrocortical activity. Talk presented at the 1st World Congress on Tourette Syndrome and Tic Disorders, London, United Kingdom.
31. **Morand-Beaulieu, S.**, Sauvé, G., Blanchet, P. J., O'Connor, K. P. & Lavoie, M. E. (05/2015). Normalisation motrice induite par une thérapie cognitivo-comportementale pour traiter le syndrome de Gilles de la Tourette. Talk presented at the 83rd Annual Congress of the *Association francophone pour le savoir* (ACFAS), Rimouski, Quebec, Canada.
32. **Morand-Beaulieu, S.**, Sauvé, G., Blanchet, P. J., O'Connor, K. P. & Lavoie, M. E. (10/2014). Normalisation motrice induite par une thérapie cognitivo-comportementale pour traiter le syndrome de Gilles de la Tourette. Talk presented at the Annual Congress of University of Montreal's neurosciences students, Montreal, Quebec, Canada.
33. Lavoie, M. E., Sauvé, G., **Morand-Beaulieu, S.** & O'Connor, K. P. (03/2014). Les neurosciences cognitives et la psychologie clinique pour le traitement intégré du syndrome de Gilles de la Tourette. Talk presented at the Annual Congress of the *Société Québécoise de Recherche pour la Psychologie*, in the symposium of Bastien, C. H., "L'information procurée par les potentiels évoqués dans le décours de différentes dysfonctions", Montreal, Quebec, Canada.
